

VolCorp Announces \$1 Million "Fee Holiday" for 4th Quarter

[NASHVILLE, TN, September 10, 2024] VolCorp President & CEO, Jeff Merry, announced on August 22, 2024, a fee holiday for the fourth quarter of 2024 for all of VolCorp's members who utilize check processing, wire processing, and ACH services - resulting in over \$1 million in waived fees for affected members.

Jeff Merry further explains this decision represents the great appreciation VolCorp has for its members' support through recent large-scale campaigns including important advancements in payments technology.

These projects, not to mention the everyday work our credit unions endeavor, illustrate and are made successful in large part by the "second mile" approach prominently featured in Merry's speech to VolCorp members. Merry acknowledged the first mile is expected but the second mile is where partners make a true impact on one another; reaffirming that VolCorp prides itself in being a second mile organization - "This is why we are different... We run, not just the first mile, but the second mile, because we know you [members] are running, too. We remember VolCorp was created on purpose and for a purpose... And that purpose is you."

VolCorp President & CEO Jeff Merry addresses Forum24 audience at Annual Meeting

Volunteer Corporate Credit Union (VolCorp), founded in 1981 and headquartered in Nashville, Tennessee, is widely known for being a trusted strategic partner for more than 320 credit union members nationwide.
